- 9. Leadership Leading Teams
- 10. The Habits of Jesus: Spiritual
  Growth and Intentional Self Care

CONNECT WITH A
GLOBAL COMMUNITY
OF WOMEN LEADERS
IMPACTING THEIR
COMMUNITIES!

## **VISION STATEMENT**

DISCOVER: Help young women discover their calling, gifts, and purpose to serve women who have been marginalized in their nations.

EQUIP: Provide practical skills needed for personal and professional development through designed training programs, workshops, webinars, and conferences.

VALUE: Assist each mentee to embrace her unique value as women so they can lead with authenticity and congruency. Develop a Biblical understanding of the value Jesus places on women and their capacity to lead.

EMPOWER: Create connections with likeminded women around the world who will empower, encourage, and affirm them as they develop the ability to lead with character, competence, and confidence.

LEADERSHIP: Walk alongside young women as they learn to lead through personalized mentoring and coaching opportunities. Create space for them to begin to lead in the program.

OPTIMISE: Establish a global network where young women can interface with Christian women in diverse areas of leadership for encouragement and inspire optimum growth.

PREPARE: Prepare emerging women leaders to develop to their full potential and serve God's purposes wherever they are called.

## EMERGING LEADER

BRINGING MENTORS AND
YOUNG EMERGING LEADERS
TOGETHER TO DEVELOP
LEADERSHIP SKILLS FROM A
CHRISTIAN CONTEXT TO BUILD
UP THEIR COMMUNITIES,
NATIONS, AND REGIONS.

Tirzah's Emerging Leader Program: When Women Rise - 10 Modules of Leadership Development was officially launched in 2021, equipping more than 216 women from 33 countries to be change-makers and leaders in their nations. These young women are stepping into their God-given potential and are flourishing in community.

The program is collaboratively designed by female leadership experts from around the world and thoughtfully contextualized by local mentors. Both the curriculum and the devotional has been translated into 8 languages. This program pairs our network of Global Leaders with young, emerging leaders, resulting in grassroots movements for justice, equity, and social impact!

The Emerging Leader Program includes:

- A devotional handcrafted by Tirzah Global Leaders and influential females from our 'family' of change-makers
- Weekly mentoring plus monthly discussions with a cohort
- Rigorously tested models of leadership, strength-finding evaluations, and biblical foundations
- Action points, trackers, reflections, stories, and exercises
- Online resources/courses/trainings from our network of female Global Leaders
- Scalable coaching with leadership development opportunities for program graduates

Participants are connected to a mentor and 3-5 other mentees who journey as a cohort for 18 months.

Together, they work through the 10 modules of leadership development.

Mentors and mentees have access to supporting resources through Tirzah.

Participants will have exclusive access to limited courses with subject experts in small-business training, leadership development, and sustainability.

Regional facilitator arrange regional conferences which gather cohorts for additional training, mentorship, and networking. "IVE LEARNED TO SEE MYSELF AS STRONG. I MIGHT BE FACING OBSTACLES FROM SOCIETY, BUT GOD DOES NOT EVALUATE ME AS PEOPLE EVALUATE ME."

EMY, EMERGING LEADER
MIDDLE EAST & NORTH AFRICAN REGION
